Swipe

The screenshot shows the ArcGIS Story Maps editor interface. At the top, there is a menu bar with 'File', 'Edit', 'View', 'History', 'Bookmarks', 'Tools', and 'Help'. Below the menu bar is a browser address bar showing the URL: <https://storymaps.arcgis.com/stories/020a7939224b4b099e6651315b28578f/edit>. The main workspace is divided into two panes: 'Design' and 'Preview'. The 'Design' pane shows a map titled 'ndra Lakhankar' with a 'Swipe' widget. The 'Swipe' widget is a dark grey box with a white double-headed arrow icon and the text: 'Swipe' and 'Let readers easily compare two maps or images with an interactive slider'. The 'Preview' pane shows a topographic map with a white double-headed arrow in the center. Below the map, there are three buttons: 'Add image', 'Add web map', and 'Add express map'. At the bottom of the preview pane, there is a text field with the placeholder text 'Add a caption (optional)'. The bottom of the screen shows a map of Long Island.

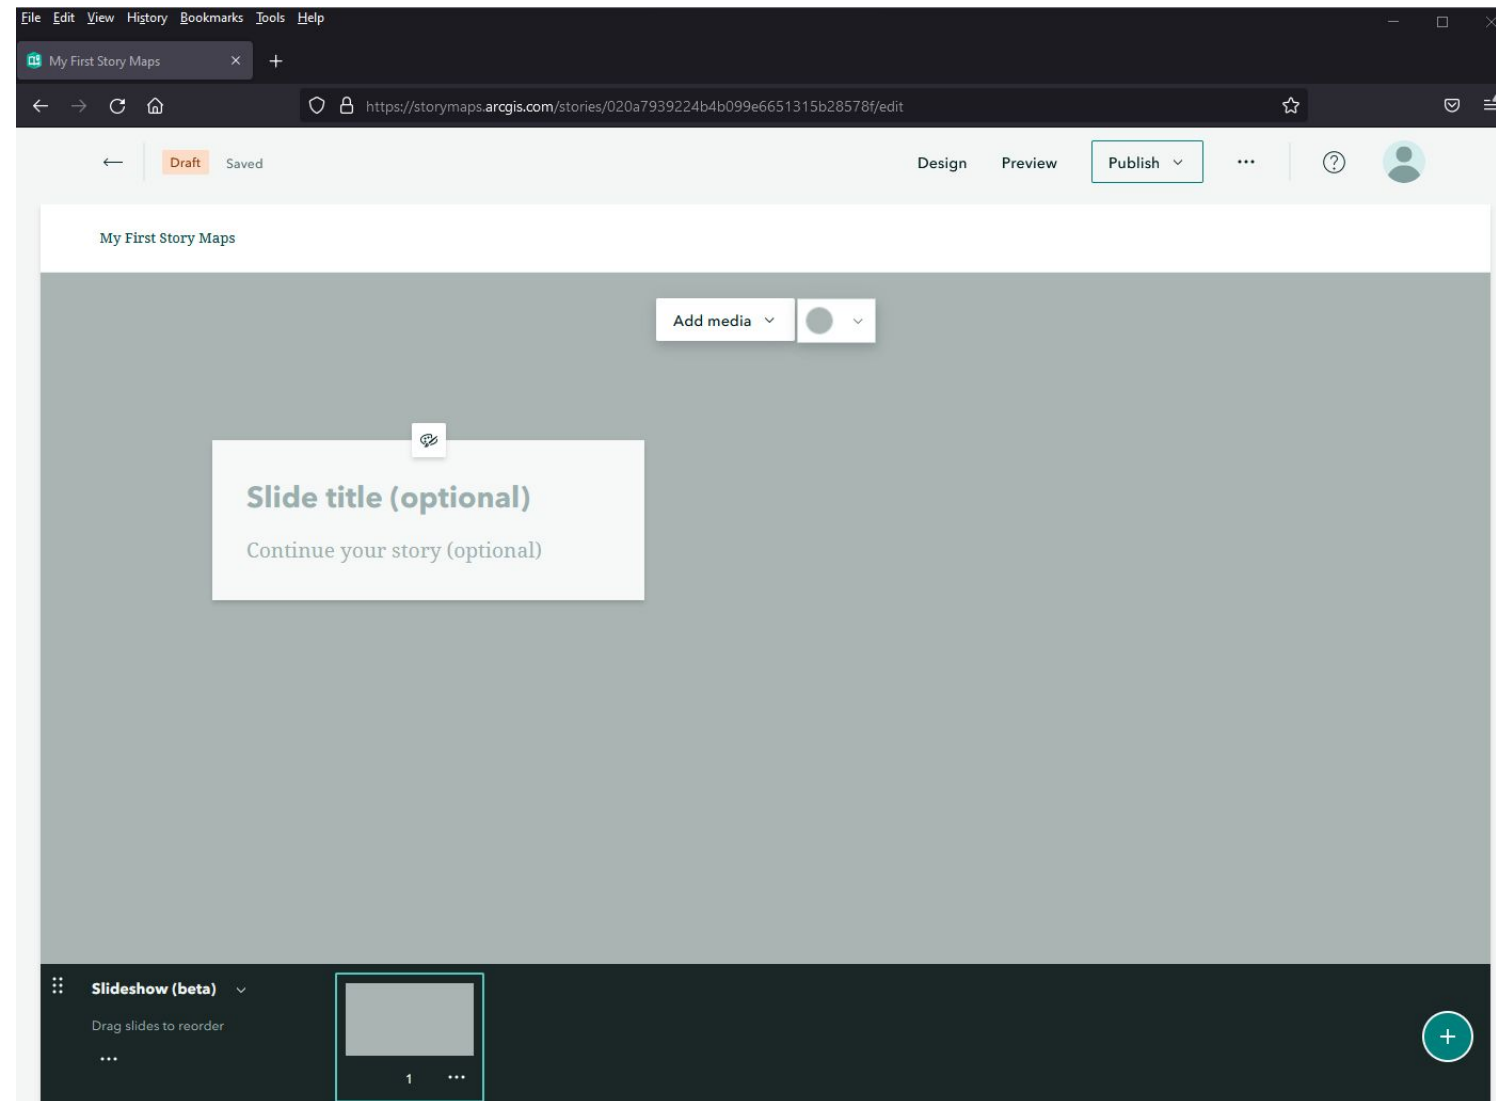

Swipe

Confirmed cases of COVID-19 per 100k population in the United States, by county, compared to the case fatality rate

Slideshow

- Open the block palette again, and you'll see an option called Slideshow.
- With slideshow you can create a series of presentation-style slides that your readers navigate laterally instead of scrolling through vertically.
